## 100% Organic Beer

We are exclusively brewing organic beers, and all of our beers are brewed without any accelerating processes, with the proper respect for the commodities and the brewing craftsmanship.

We are constantly developing the classic beer types getting inspired from the seasons, trends within the craft beer world and other beer cultures.

## The Culinary Brewery

At Nørrebro Bryghus we are focused on the good beer experience, where good commodities and organic brewing are essential.

In the basement we have our brewery BRAW, where creativity is flooding and the road from idea to beer is very short.

Our BRAW bar is the perfect place to visit afterward your lunch. Our competent beertenders are ready to share their knowledge, and guide you through our beer universe - and you don't even have to go outside the door to get to the bar :)

## Beertasting in the Brewery

Do you want to join us on an exciting beer travel? Join us on one of our beer tastings, you can freely choose between our basic or advanced tasting.

Read more on our website.
